Member in good standing requirements

In general, all 4-H members are expected to meet the following standards each year. These are the minimum requirements. Your club may have additional requirements.

- ☞ Attend at least 70 percent of regular club meetings and/or activities.
- ☞ Complete a 4-H project doing one's own work with minimal assistance from parents or others.
- ☞ Give a club or county 4-H public presentation.
- ☞ Complete this project record book and necessary supplements.

How this record book is organized

Besides this introduction, this record book is organized into these main sections:

- ☞ **Starting Out**—My goals for the 4-H year /Taking inventory
- ☞ **Along the Way**—Keeping track of what I do
- ☞ **Looking Back**— What I learned this year
- ☞ **Thinking Ahead**—My goals for next year
- ☞ **Appendix**— (including project goals, project supplement sheets, *My Monthly Horse Project Log*, and key 4-H horse project forms.)

Introduction

This project record book has been created specially for members enrolled in the 4-H horse project. Keeping a record book is an important part of the project. It will help you set goals for the project year, record your accomplishments and help guide your efforts to keep important records on your horse.

What is a 4-H project?

A project is a subject or topic that you learn about in 4-H. More important, a project is something you do, which results from knowledge and skills you learned in the project. In this case, your project is a horse, pony, or mule. You learn about your project from attending club meetings and educational workshops, and working with adult leaders and other 4-H members. You can also learn from field trips and camps, by participating in shows and competitions, as well as through your family and self-study.

Why complete a record book?

A record book is not meant to be a chore. Instead, it is a way for you to learn. Here are some important reasons why 4-H expects you to complete a 4-H record book for your project.

Keeping a 4-H record book will help you...

- ☞ Learn how to organize yourself
- ☞ Learn how to set reasonable goals for yourself
- ☞ Appreciate what you've learned this year from the goals you reached
- ☞ Recognize what things you learned in your 4-H project
- ☞ Explain what you've learned
- ☞ Keep track of costs of your project
- ☞ Gather information needed to apply for awards and scholarships
- ☞ Complete applications and resumes for jobs and college
- ☞ Meet requirements to participate in some county, state, or national 4-H events

Guidelines for the 4-H Horse Project Record Book

One record book can be completed for all horses, ponies, or mules that you have registered. If you are participating in the Breeding/Mare & Foal Project, Growing & Training Project, or Competitive Trail Ride Project, you will also need to complete the appropriate supplement(s) included in the appendix of this record book. If you participate in the horse project without an animal, you can skip any part of this book that asks for project animal information.

It is important to keep your record book up-to-date monthly. A project record book is required to participate in State 4-H events, such as Horse Bowl, Model Horse Show, Horse Judging, Hippology, Equestrian of the Year, Horse Show, and Trail Ride.

Set a goal to accomplish at least three of the listed Personal Development Activities and three Horsemanship Skills during the project year. To expand your horizons, try to accomplish new skills each year in the project, including skills you did not master in previous year(s).

The record book has been three-hole punched so that it may be easily kept in a three-ring binder. With each new project year, add your new record book to the binder. It is recommended that you save your record books from previous years in your binder. That way, you can easily compare your progress and achievements throughout the years. It will also help you when you apply for awards, jobs, college, etc.

With the introduction of the e-record book format you may bind digital copies of your record books. This format will also allow you to add digital content such as photographs and video projects, if you choose. Our hope is that this new format will make maintaining your project record book a more fulfilling and enjoyable experience.

Moving to a digital format will also allow us to more easily modify the design of the project record book. If you have ideas on how this project book could be improved, please use the form at the back of the project record book to share your thoughts. After all, the 4-H motto is always *to make the best better!*

Starting Out

My goals for the 4-H year

The beginning of the 4-H year is a good time to begin thinking about what you'd like to do or learn in 4-H during the upcoming months. List some of your goals for the year and what plan you have to accomplish your goals. Talk to your leader and parents to decide what goals are realistic to try, and possible to finish this year.

During each year in the 4-H horse project, members must choose a minimum of three (3) Horsemanship Goals and three (3) Personal Development Goals to pursue. Choices are listed in the Appendix. Write your choices below. Don't be afraid to challenge yourself! Of course, you may aim to reach more than the required goals. For now, write your six goals (three from HS 1-147 and three from PD 1-51) below, and your plan for reaching each goal. If the items on the lists have all been accomplished, develop some of your own. You may also choose special ones not listed. Be sure to get the needed signatures on the next page.

My goals for this year	What I need to do to reach each goal
<i>Example:</i> I will learn how to give a public presentation.	Attend county public presentation workshop. Have my leader and parents help me choose a topic that will be good for me. Practice my presentation. Give the presentation at a club meeting.

Taking Inventory

For the horse project, you will need to keep track of your project animals. This includes any horse you own or lease prior to April 1 of the current 4-H year. A 4-H Horse Registration Form is located in the Appendix. Be sure to complete a registration form for each of your 4-H project horses and turn the form(s) into your county 4-H office *prior to April 1*.

Horse's Registered Name	Horse's Stable Name	Date of Birth	Sex	Height	Breed	Ownership*	Date of Purchase or Lease

*Ownership:

1. Personally owned
2. Family owned
- 3.*Lease/borrowed (Must have a 4-H Horse Project Lease/Borrow Form. See Appendix.)

Other 4-H clubs and projects

List any other 4-H clubs and projects in which you participated during the past year.

Along The Way

Keeping Track Of What I Do

For this section, it is best to write down what you have done shortly after completing it so you won't forget important events and activities. This section includes the following parts:

- ☞ What I did in this project this year
- ☞ Animal care & management
- ☞ Project finances
- ☞ Other clubs and projects

What I Did In This Project This Year

The following page is where you can list what you did in your 4-H project. Don't forget to include these types of 4-H events and activities you might have done this year:

- ☞ Events participated in
- ☞ Leadership roles – such as offices held, committees led
- ☞ Shows & competitions
- ☞ Special meetings & clinics
- ☞ Community service
- ☞ Public speaking
- ☞ Field trips
- ☞ County 4-H fair
- ☞ Awards or recognition

Name Of Event/ Activity	Date & Location	What I Did	Level	Award Or Recognition Earned?
<i>Example 1:</i> Visited nursing home with the club	1/1/01 Evergreen Convalescent Center, Milltown	I showed photos of my horse and the equipment I use to some of the patients	Club	Received a thank-you letter from the Center Director
<i>Example 2:</i> County 4-H Qualifying Horse Show	7/15/01	Entered Starfire in five classes	County	2nd place barrel racing, 3rd place western equitation

Name Of Event/ Activity	Date & Location	What I Did	Level (Club, County, State, National)	Award Or Recognition Earned?

add copies of this page if necessary

Animal Care & Management

Because your project is a living creature, it requires regular care and management. Here is the place to explain what you regularly do for or with your animal on a daily, weekly, monthly, and yearly basis. Be as specific as possible.

Don't forget to list the following:

- ☞ Feeding and watering practices
- ☞ Grooming
- ☞ Stall cleaning
- ☞ Health practices and medicines
- ☞ Riding and exercising

Project Finances

It is likely that you spent money on your 4-H project this year. This section will help you add up what it costs to complete your project.

Expenses (E)

This section is where you can keep track of what materials, supplies, and equipment you purchased or used for your project and what it cost to use. Feel free to add more copies of these pages if necessary.

Expenses are divided into four categories (E 1,2,3,4):

- ☞ Tack & equipment expense (E1)
- ☞ Board, feed & bedding expenses (E2)
- ☞ Health/medical expenses (including veterinarian, farrier, deworming, etc. (E3)
- ☞ Miscellaneous expenses (such as meetings, clinics, lessons, shows, transportation) (E4)

(E1) Tack & Equipment expenses

Date	Description Of Expense	Cost(\$)
1/21/07	<i>Example:</i> New saddle blanket	\$20.00
E1		
Total	(Add up all expenses from above and put number in box at right)	

(E3) Health/medical expenses

(including veterinarian, farrier, deworming, etc.)

Reminder: Be sure to have proof of veterinarian-administered vaccinations. (See health information form in the Appendix. This form and your original Coggins test paper should accompany your horse whenever you travel with your horse.)

Date	Description Of Expense	Cost(\$)
1/17/07	<i>Example:</i> deworming (benzimidazole)	\$20.00
E3 Total	(Add up all expenses from above and put number in box at right)	

(E4) Miscellaneous expenses

(Meetings, clinics, lessons, shows, transportation, etc.)

Date	Description Of Expense	Cost(\$)
1/12/07	Example: Attended nutrition clinic	\$25.00
E4 Total	(Add up all expenses from above and put number in box at right)	

Income (I)

List any income received from you project this year. For instance, sales of any project-related items or cash prizes from contests or exhibitions. It is quite likely your project had no income. If so, enter "None" under description and "0" under "Total Income."

Date	Description Of Income	Income(\$)
1/15/07	Example: Sold saddle	\$150.00
Total Income	(Add up all income from above and put number in box at right)	

Net Project Cost or Profit (N)

If your project earned more than it cost, then your project made a profit. However, this is not likely, so don't worry if your project did not make money! Although a business aims to earn a profit, a 4-H project is meant for learning. The important point to learn is that most activities have costs. Therefore, you must be careful to spend money wisely.

More likely, you spent more on your 4-H horse project than you earned from it. Therefore, *expenses* minus *income* is the total (or *net*) cost of your project.

Total Expenses (E)

Tack & equipment expenses (<i>E1</i> , page 9)	
Board, feed, & bedding expenses (<i>E2</i> , page 10)	
Health/medical expenses (<i>E3</i> , page 11)	
Miscellaneous expenses (<i>E4</i> , page 12)	
Total Expenses (<i>Add up all expenses and put number in box at right</i>)	

Net Project Cost (N)

Total Expenses (<i>E</i> , from above)	
Total Income (<i>I</i> , page 13)	
Net Project (<i>Subtract Total Income from Total Expenses and put number in box at right</i>)	

Example

Total Expenses (E)	Minus Total Income(I)	= Net Project Cost (N)
Example: \$750.00	\$150.00	\$600.00 (net project cost)

Looking Back – What I learned this year

This section is to be completed at the end of the 4-H year. It is meant to help you look back on all that you learned during the past year. This section includes the following parts:

My horsemanship & personal development goals completed

- ☞ A summary of knowledge and skills I gained
- ☞ The three most important things I learned
- ☞ Telling my story
- ☞ My goals completed

Look back on the goals you set for yourself at the beginning of the year, on page 5. How well did you meet those goals? If you added or changed goals during the year, list them below.

My Goals For This Year	How Well Did Each Goal Get Met?
<i>Example:</i> I will learn how to give a public presentation.	I attended county public presentation workshop. I had to change my topic three times. I should have practiced my presentation more before I gave it at the club meeting. I will start planning and practicing earlier next year!

The Three Most Important Things I Learned

Even if you learned a lot of different things in 4-H, decide which was the most important to you. Then, list the three most important things you learned in this project during the past year in the boxes below. For example: I learned how to groom my horse, I learned that working with senior citizens is challenging but also fun. I learned to speak in front of my club without being afraid.

The three most important things I learned in this project during the past year were...

1.

2.

3.

Telling My Story

Keeping in mind the knowledge and skills you said you learned from the items you checked, write a story that explains what you gained this past year in 4-H. Use specific examples that are unique to you whenever possible. Feel free to relate what you learned in 4-H to school, family, or other activities in your life. Use extra pages if needed. Attach photos, clippings, or drawings if it helps tell your story better. Don't forget to label them with captions if you do.

4-H is proud of what 4-H members learn and sometimes likes to use excerpts (parts) of stories 4-H'ers write in 4-H publicity. If you do not want your information shared, please let us know by checking one of the boxes below:

Do not use my story for any 4-H publicity.

If you use my story, do not credit my name.

(Begin your story on the next page)

My 4-H Story

(Continue 4-H story on next page.)

(Continue 4-H story below or attach additional pages if necessary.)

My Monthly 4-H Horse Project Log

Month:

Year:

Using a calendar can be a helpful tool for keeping daily information about your 4-H project. Such information could include but is not limited to club meetings, field trips, purchases of feed & supplies, health procedures, professional services such as a vet or farrier, and special moments, such as the birth of an animal or receiving of an award. Keeping a calendar is also a helpful way to remind yourself of important meetings, events, and activities, such as your 4-H club meetings, veterinarian appointments, deworming, etc. If this method works for you, duplicate this page for all the months of the year or use your own calendar. The important point is not to forget important records!

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Two things I learned this month:

4-H Growing & Training Project Supplement

This project is for 4-H horse project members who are raising or training a young horse. To help members learn the principles of horse management as they relate to training and development of young horses, members are expected to learn the following:

Skill Expected During Specific Age Of Horse	Date Passed	Approved By
Foal to Yearling:		
1. Haltering (Halter your foal.)		
2. Teaching to lead (Lead your foal as directed.)		
3. Teaching to back (Back two (2) lengths.)		
4. Picking up the front and rear feet.		
5. Grooming as for show.		
6. Posting as for show.		
7. Sack out your colt.		
Yearling to 2 year old:		
8. Teach your horse to move on the line as for a showmanship and grooming class.		
9. Teach your horse to load.		
10. Teach to yield to pressures, side-step two (2) steps, right and left.		
11. Work on lunge line at walk and trot, right and left.		
12. Stop and rest yearling with long-lines.		
13. Saddle your yearling.		
2 year old to 3 year old:		
14. Ground-drive with longe lines.		
15. Back, trot, canter under saddle, pivot under saddle.		
16. Do a figure 8 at trot.		
17. Trot over ground rails.		
18. Turn on the forehand 180 degrees, right and left, pivot foot kept within 2 feet of starting point.		
19. Turn on the haunches 180 degrees, right and left, pivot foot kept within 3 feet of starting point.		

Directions: You may type in the name of the adult who approved the skill and have them initial it

4-H Breeding/Mare & Foal Project Supplement

This project is for 4-H horse project members who are breeding a mare.

To help members learn the principles of breeding management relating to the broodmare, and horse management as it relates to training and development of young horses, members are expected to learn the following:

Knowledge Expected Of 4-H Member	Date Passed	Approved By
1. Know the feed requirements of the mare through the gestation and lactation periods.		
2. Be familiar with the normal estrous cycle of the mare, such as: length of cycle, time between cycles, time of ovulation, etc.		
3. Know the length of the gestation period and normal foaling signs.		
4. Illustrate by sketch or diagram the reproductive tract of the mare.		
5. Know how to care for and feed the mare at foaling time.		
6. Know the feed requirement of the weanling, yearling, and two year-old horse.		
7. Complete information about the mare, stallion, and foal requested below.		
8. Complete the foal's pedigree chart on the next page.

Extra Pages

Use the pages in this book to complete sections where you ran out of space in your project record book. You can print these out and include them with your completed record book.

This book contains extra pages for:

Events and Activities

Project Finances

- ☞ Tack and Equipment Expenses (E1)
- ☞ Board, Feed and Bedding (E2)
- ☞ Health/Medical(E3)
- ☞ Miscellaneous (E4)
- ☞ Income (I)

Note:

If you have additional project animals you may want to save a separate project record book for each. You don't have to complete all the pages in these additional books, just the ones that apply to that project. At the end of the year print out the necessary pages.

Project Finances

It is likely that you spent money on your 4-H project this year. This section will help you add up what it costs to complete your project.

Expenses (E)

This section is where you can keep track of what materials, supplies, and equipment you purchased or used for your project and what it cost to use. Feel free to add more copies of these pages if necessary.

Expenses are divided into four categories (E 1,2,3,4) :

- ☞ Tack & equipment expense (E1)
- ☞ Board, feed & bedding expenses (E2)
- ☞ Health/medical expenses (including veterinarian, farrier, deworming, etc. (E3)
- ☞ Miscellaneous expenses (such as meetings, clinics, lessons, shows, transportation) (E4)

Using a calendar can be a helpful tool for keeping daily information about your 4-H project. Such information could include but is not limited to club meetings, field trips, purchases of feed & supplies, health procedures, professional services such as a vet or farrier, and special moments, such as the birth of an animal or receiving of an award. Keeping a calendar is also a helpful way to remind yourself of important meetings, events, and activities, such as your 4-H club meetings, veterinarian appointments, deworming, etc. If this method works for you, duplicate this page for all the months of the year or use your own calendar. The important point is not to forget important records!
